PROFESSIONAL EXPERIENCE

Data & Operations Analyst (Volunteer) | The Saviour Church of Ghana – North America Circuit · Frederick, MD
February 2026 – Present

- Prepared financial reports, reconciliations, and variance analysis to support accurate operational reporting and decision-making.
- Assisted with journal entries, accruals, transaction validation, and month-end close activities.
- Built Advanced Excel dashboards and KPI reports to improve financial visibility and reporting efficiency.
- Supported financial data validation, compliance documentation, and audit preparation processes.

Accounting / Systems Analyst (Internship) | Wipro · Mumbai, India
June 2023 – April 2024

- Managed accounts payable, invoice processing, and vendor payment tracking within ERP-supported financial systems.
- Performed general ledger reconciliations, posted journal entries, and supported month-end close and financial reporting.
- Conducted variance analysis and delivered actionable financial insights to senior stakeholders using SQL, Excel, and Power BI.
- Drove process improvement initiatives to streamline financial workflows and improve reporting accuracy and efficiency.

Accountant / Operations Analyst | Ghana Commercial Bank (GCB) · Accra, Ghana
June 2020 – August 2021

- Supported AP/AR operations, client billing, and general ledger reconciliation across high-volume banking systems.
- Prepared journal entries, monthly accruals, and financial statements for management reporting and compliance.
- Performed variance analysis and provided recommendations to improve financial workflow processes.
- Collaborated cross-functionally to resolve discrepancies and ensure accurate, timely financial reporting.

Accountant / Systems Support Analyst | Korle Bu Teaching Hospital · Accra, Ghana
April 2017 – May 2020

- Supported high-volume financial operations including AP/AR, cost tracking, reconciliations, and financial record maintenance.
- Prepared journal entries, financial reports, and Excel-based dashboards to support operational visibility.
- Validated financial data, resolved discrepancies, and supported internal audit documentation requests.
- Assisted with budgeting support, expense tracking, and month-end close activities across operational systems.
