FINANCE ANALYST | PROJECT ACCOUNTING | COST & REPORTING ANALYSIS

Detail-oriented accounting professional with 5+ years of experience supporting project accounting, accounts payable, reconciliations, financial reporting, and ERP-supported financial systems. Experienced in journal entries, month-end close support, invoice processing, cost tracking, and financial data validation with strong Excel and reporting skills.

Accounts Payable • Project Accounting • Cost Tracking • Journal Entries • General Ledger Reconciliation • Month-End Close Support • Financial Reporting • Invoice Processing • ERP Systems • SAP-Comparable Financial Systems • Advanced Excel (Pivot Tables, XLOOKUP, VLOOKUP) • Data Validation • Expense Tracking • Budget Support • Financial Analysis • Process Improvement.

PROFESSIONAL EXPERIENCE:

Accounting Analyst (Volunteer) | February 2026 - Present

The Saviour Church of Ghana – North America Circuit, Maryland - Frederick, MD

- Supported financial reporting, reconciliations, and expense tracking activities for operational reporting purposes.
- Assisted with journal entries, transaction validation, and maintaining accurate financial records.
- Built Excel-based reports and dashboards to improve reporting visibility and operational efficiency.
- Supported financial data validation and documentation processes to improve reporting accuracy and consistency.

Accountant (AP & ERP-Supported Financial Operations) | June 2023 – April 2024

Wipro-Mumbai India

- Managed invoice processing, payment tracking, and accounts payable support within ERP-supported financial systems.
- Performed reconciliations, validated financial transactions, and supported accurate financial reporting processes.
- Assisted with journal entries, month-end close support, and expense tracking activities.
- Collaborated with operational teams to improve financial workflows, reporting accuracy, and transaction processing efficiency.

Accountant (Banking Systems & Transaction Processing) June 2020 – August 2021

Ghana Commercial Bank, (GCB) Accra- Ghana

- Supported operational and financial reporting activities through reconciliations, transaction validation, and financial data review.
- Assisted with general ledger reconciliation, reporting accuracy, and financial documentation processes.
- Supported month-end reporting activities and maintained accurate financial records across operational systems.
- Collaborated with business teams to resolve discrepancies and improve financial workflow processes.

Accountant (High-Volume Operations & Financial Systems) | April 2017 – May 2020

Korle Bu Teaching Hospital, Accra, Ghana

- Supported high-volume financial operations, transaction processing, and expense tracking activities.
- Assisted with reconciliations, financial reporting, and maintaining accurate financial records.
- Validated financial data and resolved discrepancies to improve reporting accuracy and compliance.
- Built Excel-based financial reports and dashboards to support operational and financial visibility.
- Supported accounting workflows, documentation, and reporting processes to improve efficiency and consistency.

Projects:

Financial Reporting & Workflow Automation (Excel, SQL, Power BI) August 2024 - December 2025

- Extracted and analyzed financial and operational data to support reporting and accounting processes.
- Developed Excel and Power BI reports to improve financial reporting accuracy and visibility.
- Automated recurring reporting workflows and performed data validation to improve efficiency and reduce errors.
- Documented financial reporting procedures, workflows, and reconciliation processes for stakeholders.

Education:
